“ I have to many memories to share in one place or day. Paula is my first cousin, I have been inspired by her, cussed out by her (in a loving way) and touched by her in more ways than I could ever count. No matter how she was feeling, she never really had a frown not that I can remember she was uplifting always trying to help someone else who was in need. She loved her peace signs and smiley faces and family members meant everything to her. She most of all loves her children (I say loves because she may not be with us in body but is always going to be their guardian angel). NO ONE in this world could take her place. We are all different from one another, but she was different in every beautiful and inspiring way that any of us could imagine. I love you Paula Parker. I will see you when I get there, I know that you are in the best possible hands Jesus is smiling because Heaven has become an even more amazing place.

i will miss your loving smiles and the hugs you always gave me when we would see one another and our little talks when we we run into one another. You have had a hard life and you were trying to overcome the hardships you went through and I am so proud of you for doing so well. As you would say I have to thank mom for being there for helping me . You will be sadly missed my friend, but now you will never suffer with pain anymore you are in Gods hands now and he loves you and will watch over you. Leaving behind two kids and Linda and your sister will be hard but God will watch over them and will help them with you going home. Rest in Peace my friend Paula and always know you were loved by so many people.

“ *Paula was a free spirited person. She liked everyone she encountered we all loved her. Paula was one a kind who had a big heart and gentle soul. There were very few occasions you'd see a frown on her face because she was always happy. She lived her life like she wanted to, and most of all she could always make a person smile. She was my sister and my best friend and will be for all eternity. I Love you, Paula. May you rest easy my dear, sweet friend.*
